

RISKCONTROL360°

RiskControl360° cordially invites you to our Group Rating Safety Series 2009

Why Attend RiskControl360°'s Group Rating Safety Series?

Employers who have had a claim in the "green year" or the previous year, have to complete a **required** two hours of safety training by June 30, 2010. For the 2009 policy period, this includes any claim occurring from January 1, 2007, through December 31, 2008. BWC's requirement applies to **any** claim an employer had within the past two years, regardless of size or severity. Two hours is the minimum amount of safety training mandated. If an employer experienced more than one claim within this period, they are still only obligated to attend two hours of safety training. If an employer has multiple policy numbers, they must attend two hours of safety training per policy.

Series #1 | Locations & Dates

Thursday September 10, 2009 – Tiffany Hastings, PHR

CareWorks Consultants, Inc. 5555 Glendon Court, 4th Floor Dublin, Ohio 43016

Wednesday November 11, 2009 – Michael Abicht

Crown Centre Office Building 5005 Rockside Road Independence, Ohio 44131

Wednesday March 10, 2010 – Jim Saulters

Crowne Plaza Dayton 33 East 5th Street Dayton, Ohio 45402

Series #1 | Topics and Times

Don't Learn Safety by Accident

9:30 a.m. – 11:30 a.m.

The detrimental impact of delaying the implementation of improved safety processes and routine safety training. This session will discuss the impact of costs when proper safety training is ignored as well as how to determine what kind of OSHA training to conduct and creative methods for effective training.

Get to the Root of the Problem – Accident Investigations and Strategies

12:30 p.m. – 2:30 p.m.

This session will discuss the importance of doing a thorough accident investigation along with proper procedures when conducting an investigation.

Series #2 | Locations & Dates

Wednesday February 3, 2010 – Brad Hunt, MBA

CareWorks Consultants, Inc. 5555 Glendon Court, 4th Floor Dublin, Ohio 43016

Series #2 | Topics and Times

The Business Approach to Safety Management

9:30 a.m. – 11:30 a.m.

The real reasons for high workplace injury costs are not always readily apparent. Learn how areas such as accounting, budgeting, human resource management & the work environment (to name a few) can be primary causes of high injury rates and high workers comp. premiums.

About the Presenters

Tiffany Hastings, PHR

Tiffany brings over 10 years experience in workers' compensation and human resource consulting to RiskControl360°. Her experience includes providing safety, health, recruitment, labor relations, training and development.

J. Michael Abicht, B.S. Biology

Michael brings over 20 years of safety and workers' compensation consulting experience to RiskControl360°. His experience includes consulting in both general industry and construction businesses, providing public and private safety training and education, and providing direction for safety program development for applicable state and federal OSHA compliance standards in Ohio and North Carolina.
